SHARED HARDWARE

**MANY
SOLUTIONS.**

ONE DEVICE

**BUILT TO STAND
ALL DAY**

DISPLAY	8.4" IPS panel, 1200 × 1920 resolution
DEVICE BATTERY	5,000 mAh onboard
BASE BACKUP	10,000 mAh in the stand
RUNTIME	Up to 24 hours untethered
DESIGN	Slim aluminum body with weighted, angle-set base
PLACEMENT	Lobby desks, reception counters, event halls, guest rooms

NO TRAILING CABLES ACROSS YOUR FRONT DESK OR NIGHTSTAND. THE STAND CARRIES ITS OWN RESERVE, SO THE DISPLAY STAYS LIVE THROUGH A FULL DAY — POWER CUT OR NOT.

A DEVELOPMENT TEAM BEHIND EVERY SCREEN.

Our devices are fully dynamic and adjust to your business requirements. Behind them is a dedicated development team that customizes both solutions, from an event theme for one evening to a full PMS integration for every room.

STEP 1: **We Study Your Property**

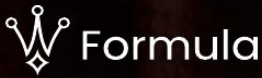

Your lobby flow, your events calendar, and how your PMS handles bookings, services, and billing.

STEP 2: **We Design The Frontend**

A custom on-screen experience built around your brand, your guests, and your occasions.

STEP 3: **We Integrate & Support**

Devices go live Signage on your dashboard, Rooms connected to your PMS - with our team behind every update.
